

## Churchill Fund Canvas on March 1st.

Sunday afternoon the fire alarm children and have taken in the entire family for the time being. The entire community came to their assistance as quickly as they could, with some clothing, etc. Plans were immediately underway to raise funds to re-establish their home.

The flash fire caused by some kind of explosion destroyed the entire inside leaving only a shell of the building standing. The LaSalle Fire Dept. did not receive the call until a passing motorist noticed the smoke and he drove to the nearest fire alarm box. Mrs. Churchill Sr., said she dashed to her phone to summon the fire dept., but found the line dead. The lines had been put out of order by the fire. She screamed for someone to summon the fire department, but the few around were concerned about the baby in the house.

Chief Wells and his men quickly had two hoses on the burning house, and the fire was well under control when the Windsor Fire Dept. arrived to give assistance. The LaSalle Police arrived at the same time as the Fire Dept. and Constable Lanzoni was right on the job, guarding the people and aiding the firemen.

Mondy evening a meeting was held at Rainbow Garden to make plans to raise funds for the Churchill's. Fifty-two men attended, all business men of the town were there. Mr. Jack Trotter was appointed chairman, and within a half hour all had expressed their wishes to donate or assist in raising funds one way or another, and an executive meeting was then summoned immediately at Sunnyside Hotel to plan the committees for these various plans. At this meeting Mr. Ted Clark was appointed Secretary for the campaign. Mr. Louis Chappus spoke for the Canadian American Society of Good Neighbours who had assisted other local residents in time of need, and offered the \$200 they have on hand to start the CHURCHILL FUND.

It was then decided that this plan to raise funds would be under the name of the CHURCHILL FUND.

### School Additions to Cost \$85,000

Approximately \$85,000 will be spent this year on additions to two public schools in the Area "A" district of Sandwich West.

Four rooms will be added to Central School on Norfolk St., at a cost of \$45,000 while a two-room addition is slated for Ivor Chandler Public School on Bartlett Drive, to cost approximately \$40,000.

The Sandwich West Area A School Board met Feb. 23 and accepted tenders submitted from various construction firms.

Sweet Construction Company, an Essex firm, received the contract for the Central School, while the bid for the Chandler School was given to the H. Winch Construction Company.

Still indefinite is a plan for a one room addition to the Malden Road School.

The Township saw a considerable amount of building carried on last year with school additions and expanded school facilities, and with the unprecedented growth in population over the past few years, an expansion program is still being discussed to cover the year to come, when school rooms will be crowded to overflowing.

### Who's Color Blind?

Two years ago, in front of the LaSalle Town Hall on the Front Rd. (Highway 18) a red blinker light was erected to enforce some sort of control on traffic along the busy highway.

This light normally calls for a full stop, or if not that, should necessitate autos pulling into the curb. While the caution light is not in color, many motorists unaccustomed to it are under the impression that it serves as a regular traffic light. Fast travelling autos, slam on their brakes in a hurry, apt to cause an accident with autos approaching in the opposite direction or crossing the intersection.

By all means, a yellow light, the proper color for cautionary purposes would be a great deal safer than the red blinker used at the present time.

We are wondering who gave approval to this two years ago?

Funeral services were conducted February 24 from the Albany Janisse Funeral Home to Immaculate Conception Church. Interment was in Our Lady of the Lake Cemetery.
